BIBLE- Jesus Changes Zacchaeus' Life

THIS WEEK- This week we learned about the letter G. We worked on finding "what happens next" using sequence cards. The children also learned by combining objects and separating objects to come up with different total numbers. We talked about tornadoes, hurricanes, and storms. The children learned wind is associated with these weather types and knows what type of clouds show up for this type of weather. I also made a tornado in a jar so they could visually see what a tornado does and looks like.

NEXT WEEK- This is the last section we have in the Investigators Club curriculum. In this section they will be learning about seasons, what they are called, what you may see and what happens in these seasons. We will talk about our favorite season and what fun activities they do in that season. We will talk about weather and why it is important to know the weather for that day. We will be learning our last 2 letters K and X and will be reviewing numbers 0-10. I will also read a classic story "The Wind and the Sun" and we will have a small project to go along with the story.

IMPORTANT PLEASE READ CAREFULLY INFORMATION FOR LAST DAY- Friday the 24th is the last day of school. You will have to come to school with your child that day. You can drop them off in the room and you can wait in the church for closing service and graduation for Pre-K-K class. After this you may leave with your child or stay for the picnic. Your child must have their adult present at all times that day. Your child also needs to be signed out as usual.

REMINDERS-
Sunday May 19- 8th grade graduation @ 9:00 am (all St. John kids are singing the last time this year)
Friday May 24- Last day of school
Pre- K and K graduation
Closing Service,Picnic, and Olympic Day

CONTACT INFO- If you need to contact me, you can email me at alicia.thies@stjohnslib.com, reach me through the Remind App or call the school at (847)362-4424. Please call the school if it's important so I get the message right away.
